SALEM EVANGELICAL REFORMED CHURCH, HELLERS—JULY/AUGUST 2-19

## PREPARED SOIL

— *A Message from Pastor Bruce Tully*

*Reprinted from "Pastor's Helper," July-August 2017.*

My Friends:

At the end of last week, the word from the weather guy was that it would rain soon. It was time to plant some grass seed. The base of our mailbox post had been jammed unceremoniously into a hodgepodge of flowers, grass, and weeds. Those we removed surgically a couple of weeks ago in preparation for this moment.

In my urgency to get this done, I rushed to the end of the driveway and poured out the requisite amount of premixed seed and fertilizer on the site. Proudly I marched back to the garage to put the container away. Lisa asked what I was doing, so naturally, I

told her! To which she replied, "Didn't you want to dig out the new weeds before putting down the seed?" In my own casual manner, I said, "Nope."

Now, the following week, I see I may have made a strategic mistake. After all the anticipated rain actually fell, the weeds roared back heartier and healthier, while the grass has yet to peek its head through the topsoil. This is a project that I may have to redo at some time in the near future.

I should have known this. The very popular parable that Jesus told in Matthew thirteen spelled out exactly what would happen. This is the seed that was expected

to grow in the thickness of the weeds, and even if it did sprout, it would soon be choked out by the spreading weedy roots already in place. I could use our little patch of ground as an object lesson. Church growth in established churches is often similar to this aspect of the parable. People in long-established congregations often have grown up with off-target expectations and attitudes and even certain beliefs that may be rooted in good soil. When the Word of God is sown in the midst of that mess, it lays there, waiting for the brush to be removed and for sunlight to warm it enough to bring it to life. There is a good possibility that the Word might get choked out by the roots of the weeds of old thoughts and ideas.

This is not the case for every person in every church in every place. But I do believe that in some cases there is a need for digging up and tossing out harmful ideas. This is not strictly on topic with the meaning of Jesus' parable, but I find enough of a parallel to use it to make a point. How many church people are clinging to old-fashioned, untheological teaching? It happens more often than we'd like to admit. It is just too hard to change horses in the middle of the stream. Which is, of course, a completely different metaphor!

What if we all came to hear the Word, and before we did that, we cleared our hearts and minds of all the preconceived notions of what God might be saying in a particular text? What if we scraped up the weeds of misinformation and wrong theology, and we waited to see what God was really saying? Would that change our lives? Would it change the church? I think it would.

God wants us to start with a fresh field of newly prepared soil. We don't have the luxury of starting with already cleared, clean ground. Without the prospect of old plants and weeds to disturb new growth, the Word of God should find purchase and begin to grow quickly and with greater sturdiness. I encourage you every week to clear your mind, open your heart, and allow the seed of God's Word to take root in your soul. Let it grow freely and beautifully with the loving help of heaven's Gardener. What a glorious patch of fruitful ministry we could grow! Be encouraged! Be bold! Be faithful!

Blessings,

*Pastor Bruce*

## A FROM OUR MUSIC DIRECTOR

As the Music Director at Salem Hellers for the past several years along with Debi Long, we been praying for the opportunity to share musical resources with Salem Hellers and the All Saints Church.

We have enjoyed the All Saints Children's Choir ministry on several occasions. On Trinity Sunday and Fathers' Day, we were blessed to have our prayers answered as we enjoyed *The Anthem to the Trinity*, which featured adult vocalists and brass players from both congregations and All Saints organist, Rebecca Knepley, bringing musical praise to God.

About thirteen years ago, I was the organist and accompanist for Salem Hellers and the First United Methodist Church of Ephrata. Following a mission trip to Cape Town, SA, I was impressed by the Lord to retire from both Salem Hellers and First United Methodist organist positions. For about eighteen months I did not minister in music; it was a time for me to focus on my spiritual life. I received a call from Sherry Oswald, the choir director at Salem Hellers, saying that she needed an accompanist for their cantata. She asked if I could help.

Shortly following the cantata, Sherry was assigned extensive travel in her job and resigned as choir director. I was asked to assume the choir director and accompanist positions for the music program. That was working well until I was diagnosed with macular degeneration, and my vision became impaired to the extent that reading regular notation was no longer an ability that I had. It was at that time that I introduced prerecorded accompaniments, called tracks, for the choir.

We use tracks unless we are blessed with an accompanist (Thank you, Hillary and Rebecca). When Debi Long joined us singing in a cantata, I quickly realized that she had a vocal pedagogy background that this former band director did not have. Her assistance, attitude of serving, and encouragement has forged a relationship that has become a witness for all to see how well the sharing of resources from our two congregations is being used.

My vision for the musical component of our shared resources with the All Saints Congregation is to present more musical offerings like our Trinity Sunday experience and help each other grow stronger in our programs by continuing to share time, talents, and resources. I close with the words of Paul to the Romans:

“May the God who gives endurance and encouragement give you the same attitude of mind toward each other that Christ Jesus had, so that with one mind and one voice you may glorify the God and Father of our Lord Jesus Christ.”

Soli Deo Gloria, Ron

5. President's Report: Will be Lay Leader July 14, August 4 and August 18.
6. Pastor's Report:
  - June 12 was the memorial service for Doll Schaich. That evening we held our usual prayer meeting, followed by the Gathering.
  - Choir rehearsals ended this month. Salem Hellers' choir teamed up with All Saints and their children to offer a musical piece at the end of our own service, and at the start of theirs, on June 16.
  - Missions committee met on the 17th. Discussions on upcoming trip next year to Guatemala. Also further talks on the bazaar, and what to do with the proceeds. Some of the proceeds this year will be used to replenish the pastor's discretionary fund, which has dwindled recently to less than is necessary to help in the community when we need to do so.

  - I led the CVM Bible study on the 18th. Our group discussed the 8th Psalm, the issue of praise of God and of our own place before the majesty of God.
  - Spiritual Council met on the 25th. After a time of prayer for the church, we entered into our time of discussion. We are working toward creating a special service of repentance sometime in the fall. More details will be forthcoming on this idea in a couple of months.
  - Following SC meeting, the facility sharing team met to go over an agenda for the upcoming meeting with All Saints.

# "Heavenly Humor"

Grandma and Grandpa were sitting in their porch rockers watching the beautiful sunset and reminiscing about "the good old days." Grandma turned to Grandpa and said, "Honey, do you remember when we first started dating and you used to just casually reach over and take my hand?"

Grandpa looked over at her, smiled and obligingly took her aged hand in his. With a wry little smile, Grandma pressed a little farther, "Honey, do you remember how after we were engaged, you'd sometimes lean over and suddenly kiss me on the cheek?"

Grandpa leaned slowly toward Grandma and gave her a lingering kiss on her wrinkled cheek. Growing bolder still, Grandma said, "Honey, do you remember how, after we were first married, you'd kind of nibble on my ear?" Grandpa slowly got up from his rocker and headed into the house. Alarmed, Grandma said, "Honey, where are you going?"

Grandpa replied, "To get my teeth!"

## The Family Circus

My Guardian angel had a busy day today, but we had FUN!

Agape's speaker on Tuesday, August 6, will be Joan Patterson, whose topic will be "C h a n g i n g Perspectives." You will

be inspired by seeing the life lessons the speaker has learned from a different perspective. Her experiences of living with MS move from adapting to a cane, to a scooter, then a power wheelchair, and finally partnered with a service dog. Adapting to her changing life increased her faith as she faced these changing challenges. Everyone is welcome to join us in the BEREAN CLASSROOM (just inside the south entrance) at 10:00 a.m. on Tuesday, August 6. Lunch will follow at Rosario's.

## ANNOUNCEMENTS

CVCCS's Weekend Blessing Program, which provides weekend lunches for children who need them, is in dire need of sponsors to donate \$8.00/week per child. Please contact Angela Trout at 717-517-0539 if you can help. For more information, please see the email from CVCCS on the Community Bulletin Board in Cowan Hall. Thank you for your help!

## LANCASTER NEWSPAPER [The Scribbler]

Jack Brubaker—July 31, 2019

In the news

Jubilation Jazz, a Christian big-band ensemble whose members hail mainly from Arkansas, played an electrifying concert of gospel, military and popular songs last Thursday night at Salem Evangelical Reformed Church at Hellers near Leola.

Salem Hellers is perhaps the earliest Reformed church in Lancaster County. The first sanctuary was built in 1722, repaired in 1802, and rebuilt and enlarged in 1838. The current building was dedicated in 1860 and has been expanded several times.

Between bursts of electrifying music, Wally Fowler, the dynamic director of Jubilation Jazz, commented on the church's lengthy history in droll fashion.

"There are doorknobs in this church older than the state of Arkansas," he exclaimed.

That remark produced hearty laughter. And it may be true. Arkansas became a state in 1836. But if doorknobs at Salem Hellers are older than that, they more than likely were imported. The first U.S. doorknob was patented in 1878.
